ELECTRICAL UNIT NOTES:

- » All units below are corded (no hardwire options available)
- » Cord length should be taken into account when specifying electrical placement.
- » Refer to pages 21-23 for power unit standard locations. Please note that placement directly over bases is not available due to the limited opening size.
- » Vertical wire manager is recommended and must be specified separately, see below for ordering information.
- » For the following technology units, please reference A/V jack combination options below. The price of individual A/V jacks must be added to the base model unit price listed below.
- » Please contact client services for faceplate/jack combinations that may not be referenced herein.
- » Select units show open port positions which, once A/V jacks are purchased, can be reconfigured with different A/V jacks as needed.
- » A/V jacks and faceplates snap into opening(s) in metal housing of base model units.
