

Genie Flex[®]

ergonomic task chair & stool, conference,
12-year covered TPU backs

featured image: 441-DG-67C-SS-FT-51AG18R-18GB-16SCG-NSP-GR 1 (SPRADLING SILVERTEX STERLING)

features

Breadth of Line: available as a mid back chair or task stool in a black or magnet grey frame.

Seats: offering six seat sizes—petite to extra-large—all in one look & at a 400 lb weight rating.

Intuitive Flex Back: strategically manufactured thermoplastic polyurethane (TPU) that is soft yet supportive. It provides active stretch and resistance creating multi-dimensional intuitive movement with superior support. This TPU is 100% recyclable, bleach-cleanable, chlorine-free and uses no plasticizers.

Arms: multiple height and width adjustable options and a fixed, conference arm.

Control Mechanisms: controls include latest quick adjust advanced synchro (no endless turning of the handle to adjust your backrest to your level of comfort) with choice of an optional 2.5" seat depth adjustment & an optional +3° forward tilt adjustment & body balance technology.

Bases: five-star swivel bases available in black or grey nylon & polished or brushed aluminum.

Via Seating's comfort foam: a proprietary blend of high-density, injection-molded, closed-cell, cold-cured foam so durable and lasting it is backed by Via Seating's 12 year warranty.

design by Studio V

Studio V creates modern, sophisticated and original seating solutions that are ergonomic, beautiful and sustainable. This team of engineers, sustainability experts and designers is based in Reno, Nevada. Studio V develops products using a prototyping lab, the latest in 3D modeling software and a materials testing center.
