Please note that effective April 15th, 2022, a 9% surcharge will be applied to the net subtotal on all orders.

## PRODUCT FEATURES:

- » Modular configurations comprised of lounge, love seat and sofa models in addition to corner units and benches.
- » Models with upholstered ledge along the back perimeter provide perching support as well as additional workspace choices. Ledge depth is 9", with maximum weight capacity of 275 lbs. for lounge units, and 500 lbs. for love seats and sofas.
- » Optional wood bridge is suspended between armless models with the upholstered ledge and must be specified with a bench. Bridge maximum weight capacity is 200 lbs.
- » Bench units are directional.
- » Corner units are for ganging applications only (leg formation does not allow it to stand up on its own). Ganging brackets included.
- » Refer to page 10-13 for power unit options and standard placement locations.
- » Units that require cartoning will ship KD (legs will need to be field-installed). For blanket-wrap shipments, legs will be attached.
- » All dimensions are nominal.

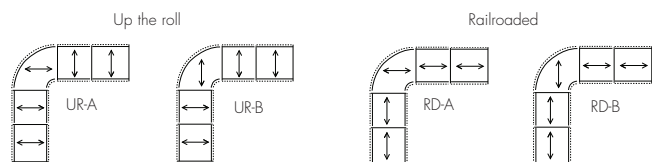

## MODULAR ARRANGEMENTS:

- » One ganging bracket connects two units together.
- » **Note: Please include layout drawings or sketch with order.**
- » Field assembly required.

## SPECIFICATIONS:

- » Upholstery direction must be specified on corner units when patterned fabrics are selected. In the absence of specific instructions, Arcadia reserves the right to upholster units at our discretion.

- » Wood bridge available in ash and walnut veneer, with solid wood edge on the inside perimeter and exposed plywood edge on the outside perimeter. Edge finish will match veneer finish selection.
- » For custom wood finishes, please add one-time upcharge of \$400 List per color per order.
- » Laminate bridge tops also available. Edge facing the inside is post-formed to deliver a seamless finish from the top surface to the edge underside. Edge facing the outside is exposed plywood edge.
