

The Maker Project

Versteel applauds utility and function by creating a new category of contract style and substance. Robust construction, simple aesthetics, and hand-made impressions all combine to provide the utmost in utility and function with The Maker Project. Available in work, counter, and stand-up heights with heavy-duty casters or glides, the table is the center of a series which includes work tables, occasional tables, seating, lighting, and accessories. The Versteel Studio Steel® process is standard. Get involved with the maker movement and connect with The Maker Project.
